**MODERN
BUILDING**

Who we are?

- Founded in 1989, Paneltech Ltd has been developing high-end products for the Polish construction industry. For over 30 years, Paneltech has combined reliability and highest product quality with timely services and deliveries. We have achieved this by employing our extensive experience and investing in the development of state of the art process lines.
- This is why, today, we are proud to say that we are one of the leaders on the Polish market of sandwich panels. We have received the support and trust of many clients, both in and outside the country. Our products are exported to nearly 30 countries from all over the world.
